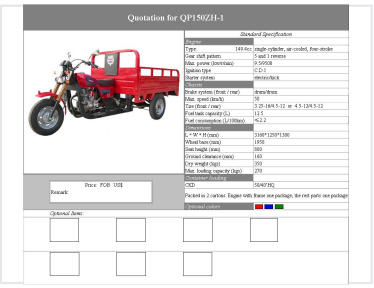
149cc Air-Cooled Cargo Tricycle

This cargo tricycle is equipped with a 149.4cc single-cylinder, air-cooled engine and a five-speed manual transmission plus reverse. It has a maximum loading capacity of 270kg and is suitable for container loading.



Quotation for QP150ZH-1

Standard Specification

Engine	
Type:	149.4cc single-cylinder, air-cooled, four-stroke
Gear shift pattern	5 and 1 reverse
Max. power (kW/rmin)	9.5/6500
Ignition type	C.D.I
Starter system	electric/kick
Chassis	
Brake system (front / rear)	drum/drum
Max. speed (km/h)	50
Tire (front / rear)	3.25-14/4.5-12 or 4.5-12/4.5-12
Fuel tank capacity (L)	12.5
Fuel consumption (L/100km)	2.2
Dimensions	
L * W * H (mm)	3160*1250*1300
Wheel base (mm)	1950
Seat height (mm)	880
Ground clearance (mm)	140
Net weight (kgs)	350
Max. loading capacity (kgs)	270
Packing and delivery	
CKD	50/40'HQ
Packed in 2 cartons: Engine with frame one package, the rest parts one package	
Optional colors	

Price: FOB US$

Remark:

Optional Items:

Overview

Robust Cargo Solutions

The QP150ZH-1 is a highly efficient 149cc air-cooled cargo tricycle engineered for reliable heavy-duty transportation. Combining a powerful 9.5 kW engine with a durable 5-speed manual transmission, it offers the perfect balance of performance and fuel economy. Its 270 kg load capacity and agile handling make it an ideal choice for professional logistics and short-haul distribution needs.
