

10-Inch Adjustable Wrench with Millimeter Scale

This 10-inch adjustable wrench is constructed from durable metal alloy. It features a precision adjustment mechanism and is marked with a millimeter scale for accurate sizing.

Product Overview

Professional Grade Adjustable Wrench

This 10-inch adjustable wrench is engineered for durability and precision in demanding environments. Featuring a robust construction with hardened jaws and a precision adjustment mechanism, it provides reliable performance for plumbing, automotive, and general repair tasks. The integrated millimeter scale allows for quick and accurate jaw sizing, ensuring a secure fit on various fasteners.

Technical Specifications

Size	10 inches (250 mm)
Material Composition	High Carbon Steel, Chrome Vanadium Steel
Surface Finish	Nickel Plated
Manufacturing Process	Drop Forged

Features

Jaw Durability	Hardened Jaws
Adjustment Type	Wide profile groove for easy knurl adjustment
Measurement Scale	Yes
