

100 ft. Chalk Line Reel Set with Chalk Refill

This chalk line reel features a self-chalking cast zinc housing that doubles as a plumb bob. It includes a 100-foot lightweight braided line and a chalk refill.

Product Overview

Professional Chalk Line Reel Set

This 100 ft. chalk line reel set is an essential tool for precision layout tasks in construction and carpentry. Designed for durability and ease of use, the reel features a smooth winding mechanism and a high-visibility string. The included blue chalk refill ensures clear, accurate markings on a variety of surfaces, making it ideal for framing, cutting, and general layout work.
