## Product Overview

### Safety and Precision for Electrical Work

This 6-piece VDE-certified tool set is engineered for safety and performance in high-voltage environments up to 1000V. Each tool undergoes rigorous 10,000V testing to ensure professional-grade reliability for electricians and technicians. Featuring durable Cr-V steel construction and ergonomic TPE handles, this kit provides the essential tools needed for secure gripping, cutting, and precision driving.

## Technical Specifications

Rated Voltage	1000 V
Screwdriver Hardness	HRC 52-58
Materials	60CrV Steel, 60CrNiMoV Steel, TPE

## Set Components

### Tools Included

- 6" Long Nose Pliers
- 6" Wire Stripper
- 6" Side Cutting Pliers
- 6" Combination Pliers
- A4 Screwdriver
- C3 Screwdriver

## Compliance and Testing

### Certifications

VDE Certified • 10000V Tested
