

100kg Industrial Jeans Washing Machine

This is a 100kg jeans washing machine designed for industrial use. It features robust construction and programmable controls for efficient and effective cleaning.

Overview

Industrial-Grade Washing Solution

The BX series industrial washing machine is engineered for high-capacity cleaning in demanding commercial environments, including hotels, restaurants, and garment manufacturing facilities. Featuring a durable horizontal structure with a high-quality stainless steel drum and frame, this semi-automatic machine ensures reliable performance and longevity. Designed for efficiency, it offers versatile heating options and is built to handle heavy-duty loads ranging from 15kg to 400kg.

Certifications

Certifications
CE • ISO 9001

Technical Specifications

Machine Type	Semi-automatic horizontal washing machine
Heating Options	Steam, Electrical
Capacity Range	15kg to 400kg

Performance Metrics

Key Performance Highlights

100 kg

Rated Capacity (BX-100)

34 r/min

Rotate Speed (BX-100)

920 kg

Water Consumption (BX-100)

Model Comparison

Model Specifications

Model	Capacity (kg)	Drum Size (mm)	Rotate Speed (r/min)	Weight (kg)
BX-15	15	∅540*680	46	260
BX-30	30	∅660*800	35	380
BX-50	50	∅800*980	35	500
BX-70	70	∅950*1220	34	850
BX-100	100	∅960*1420	34	950
BX-150	150	∅1060*1650	34	1050
BX-200	200	∅1080*2000	32	1450
BX-250	250	∅1200*2280	29	1900
BX-300	300	∅1300*2280	29	2300
BX-400	400	∅1220*3360	29	2800
