100mm Angle Grinder for Cutting and Grinding

This compact 100mm angle grinder is designed for cutting, grinding, and polishing various materials. It features a robust motor and ergonomic design for comfortable handling.

Product Overview

Compact Power for Precision Tasks

This compact 100mm angle grinder is engineered for versatility, making it an essential tool for cutting, grinding, and polishing a wide range of materials. Designed with a robust motor to handle demanding applications, it combines high performance with an ergonomic build for comfortable, extended use. Safety is prioritized through an integrated wheel guard, ensuring reliability for professional metalworking and construction environments.

Technical Specifications

Ideal For

Metalworking • Construction • DIY Projects
