

100W LED High Bay UFO Light

This high-power LED UFO light is designed for area lighting applications. It features a die-cast aluminum housing for efficient heat dissipation and a long lifespan.

Product Overview

High-Efficiency Industrial Lighting

This 100W LED High Bay UFO light is engineered for superior area illumination in commercial, industrial, and residential settings. Featuring a robust die-cast aluminum housing, it ensures excellent heat dissipation for a reliable 50,000-hour lifespan. The unit delivers bright, uniform light output, making it an ideal solution for high-ceiling environments requiring consistent performance.

Performance Metrics

Power Consumption

100 W

Power

13000 lm

Luminous Flux

Color Temperature 5000 K

CRI >80

Technical Specifications

Ingress Protection

IP65

Input Voltage 100-277VAC

Beam Angle 120 degrees

Base Type E26

Lifespan 50000 hours

Applications

Suitable Environments Commercial, Industrial, Residential
