

10L Portable Mini Fridge

This portable mini fridge has a 10L capacity, ideal for storing skincare products, beverages, and snacks. Its compact size makes it suitable for bedrooms, offices, or dorm rooms.

ADDITIONAL IMAGES

Overview

Compact design suitable for skincare, snacks, and beverages with dual cooling/warming functions.

Versatile Portable Cooling & Warming

This 10L portable mini fridge is designed for both household and travel use, making it an ideal companion for bedrooms, offices, or dorm rooms. Utilizing advanced semiconductor refrigeration, it provides efficient cooling and warming functions to keep skincare products, beverages, and snacks at the perfect temperature. Its compact, lightweight design ensures easy portability, while dual power options allow for seamless operation in both home and vehicle environments.

Technical Specifications

Item Number	MFA-10L-C
Power Input	DC 12V, AC 100V-240V
Power Consumption	48 W
Cooling Capacity	16-20 below ambient temperature
Heating Capacity	50-60 by thermostat
Refrigeration Principle	Semiconductor Refrigeration
Insulation Material	High density EPS

Connectivity & Accessories

Cable Lengths

2 m

Car Charger Cable

1.8 m

Household Cable

Compliance & Quality

Certifications

CB • CE • KC • ETL • Germany-LFGB • GS • PSE • RoHS
