Overview

Professional 11-in-1 Connectivity Solution

This versatile 11-in-1 USB-C docking station is designed to transform a single USB-C port into a complete professional workstation. Featuring high-speed 100W Power Delivery and dual display support via HDMI and VGA, it ensures both efficient charging and high-definition visual productivity. With integrated gigabit Ethernet and high-speed data ports, this hub provides a stable, comprehensive connectivity solution for office, home, and presentation environments.
