Product Overview

Professional 110mm Stone Cutter

The ZIE-DS2-110 is a high-performance marble cutter engineered for precise and efficient cutting of marble, tile, granite, and other stone materials. Powered by a robust 1200W motor, it delivers high torque and speeds up to 12,000 RPM to ensure fast, accurate results in demanding construction and fabrication environments. The integrated water cooling system effectively minimizes dust while extending blade life, and the ergonomic, lightweight design allows for comfortable, long-term operation.

Technical Performance

Performance Highlights

1200 W

Rated Power

12000 r/min

No-Load Speed

34 mm

Max Cutting Depth

110 mm

Blade Diameter

Electrical Requirements

220V~ 50Hz

Maximum RPM Limit

13000 RPM

Key Features

Core Features

- Integrated water cooling system for dust suppression
- Adjustable cutting depth for versatile applications
- High-torque motor for professional-grade stone cutting
- Ergonomic handle for enhanced maneuverability
- Durable base plate for stable operation

Applications

Ideal For

Professional Tile Setters • Stone Fabricators • Construction Workers • Renovation Projects

Compatible Materials

Marble, Tile, Granite, Stone
