

# 11.5-Liter Electric Oven

This electric oven operates on 110V/240V power, consuming 1300W at 50/60Hz. It offers a temperature range of 65 to 250 degrees Celsius and has an 11.5-liter capacity.

## Overview

### Compact and Efficient Cooking

This 11.5-liter electric oven is designed for versatility and efficiency in professional or commercial kitchen environments. With a robust 1300W power output and a wide temperature range of 65 to 250 degrees Celsius, it provides precise control for a variety of baking and heating tasks. Its compact footprint makes it an ideal solution for spaces where performance and reliability are required.

## Performance Metrics

### Power Consumption

**1300 W**  
Power

### Capacity

11.5 L

## Technical Specifications

Model Number	HC-922
Voltage Compatibility	110V, 240V
Frequency	50/60Hz
Temperature Range	65 - 250°C
