

115-Piece HSS Twist Drill Bit Set

This 115-piece set includes a range of drill bit sizes for different materials and hole diameters. The high-speed steel (HSS) construction ensures durability and efficient cutting performance.

Product Overview

Professional 115-Piece HSS Drill Bit Set

This comprehensive 115-piece twist drill bit set is designed for versatility and durability in professional drilling applications. Featuring high-speed steel construction with a titanium coating, these bits offer enhanced cutting performance and long-lasting wear resistance. The set is organized in a heavy-duty blow case, making it an ideal solution for workshops requiring a wide range of precise hole diameters.
