

# 115mm Angle Grinder Power Tool

The angle grinder is a versatile power tool designed for grinding, cutting, and polishing various materials such as metal, stone, and concrete. It features a high-performance motor, typically ranging from 700W to 1200W, providing ample power for demanding applications.

## Overview

### Versatile 115mm Angle Grinder

This high-performance angle grinder is engineered for demanding grinding, cutting, and polishing tasks across metal, stone, and concrete. Featuring an ergonomic design with a comfortable grip and auxiliary handle, it ensures enhanced control and reduced operator fatigue during extended use. Safety is prioritized with an integrated wheel guard and a two-stage power switch to prevent accidental start-up.

## Performance

### Power Specifications

**700 W**

Minimum Power

**1200 W**

Maximum Power

## Technical Details

Disc Diameter	115 mm
Disc Size (Imperial)	4.5-inch
Disc Change System	Spindle lock for quick and easy disc changes

## Safety & Ergonomics

### Safety Equipment

- Adjustable wheel guard
- Two-stage power switch
- Accidental start-up prevention

### User Comfort

- Ergonomic main grip
- Auxiliary side handle
- Reduced vibration design

## Applications

### Intended Use

Professional • DIY

Material Compatibility	Metal, Stone, Concrete
