Overview

Professional Brushless Angle Grinder

This 115mm brushless angle grinder is engineered for demanding grinding, cutting, and polishing tasks. Utilizing advanced brushless motor technology, it offers superior runtime, increased durability, and enhanced performance over traditional brushed models. Designed with ergonomics in mind, it includes a soft-grip overmold and tool-free guard adjustments to ensure comfort and efficiency for professional metalworking and construction applications.

Technical Specifications

Battery Capacity Options

- 2.5Ah
- 5.0Ah

Voltage	18 V
Max Disc Diameter	115 mm
Spindle Thread	M14
Max Disc Thickness	6 mm
Center Hole Diameter	22.2 mm

Features

Key Safety & Control Features	Lock-On Trigger, Quick-release Guard, Soft-Start, Soft-Grip Overmold
Switch Type	On/Off
