

115mm Diamond Saw Blade

This diamond saw blade is designed for high-performance cutting. It features a durable construction with a diamond-impregnated cutting edge for efficient and precise cutting.

Product Overview

High-Performance Diamond Saw Blade

This 115mm diamond saw blade is engineered for high-performance cutting across a variety of industrial and construction materials. It features a robust, durable construction with a diamond-impregnated edge, ensuring both efficiency and precision in every cut. Designed for professional use, this blade provides reliable performance for demanding applications.

Technical Specifications

Blade Diameter	115 mm
Segment Height	7 mm
Blade Thickness	1.8 mm
Bore Size	22.23 mm
