

115x6x22.2mm Ceramic Grinding Disc

This ceramic grinding disc has dimensions of 115x6.0x22.2mm (4.5"x1/4"x7/8"). It is suitable for use on stainless steel, steel, acier, and acero.

Product Overview

High-Performance Ceramic Grinding Disc

This premium ceramic grinding disc is engineered for superior material removal and extended service life. Designed for versatility, it is suitable for a wide range of metalworking applications including stainless steel and general steel. With its cool sanding technology, it ensures efficient operation and consistent performance for professional industrial tasks.

Technical Specifications

Maximum Speed

13300 rpm
Max RPM

30 m/s
Max Peripheral Speed

Dimensions (Metric)	115 x 6.0 x 22.2 mm
Dimensions (Imperial)	4.5" x 1/4" x 7/8"
Abrasive Material	Ceramic

Compliance & Standards

Certifications	EN12413, ISO 9001:2000
