

12-Inch Adjustable Wrench with TPR Grip

This adjustable wrench is precisely machined for smooth operation. It features a ferro nickel finish for durability and a soft TPR grip for comfort.

Product Overview

Professional Grade Adjustable Wrench

This 12-inch adjustable wrench is engineered for durability and precision, featuring drop-forged carbon steel construction that has been heat-treated for long-lasting performance. The tool is fully polished and chrome-coated to resist corrosion, ensuring it stands up to demanding work environments. Designed with user comfort in mind, it includes a soft, bi-color TPR grip handle and clear size graduations for quick adjustments.
