

12-Inch Aluminum Alloy Speaker Stand

This 12-inch speaker stand is made from a durable aluminum alloy. Its basin shape provides a stable platform for mounting speaker components.

Product Overview

Professional Grade Speaker Component

This 12-inch P-series speaker stand is engineered from high-quality aluminum alloy, offering a robust and durable solution for speaker assembly. Its unique basin-shaped design ensures superior stability and structural integrity for audio components. Designed with versatility in mind, it features multiple mounting points to facilitate secure installation for both DIY audio projects and professional replacement requirements.

Technical Specifications

Material	Aluminum Alloy
Size	12 inches
Series	P Series
Design Features	Basin-shaped, Multiple mounting points, Robust construction

Usage & Compatibility

Ideal Applications

- DIY speaker projects
- Replacement parts
- Audio component mounting
