

12-Inch Water Pump Pliers

These 12-inch water pump pliers are made with tempered steel for strength and durability. Their milled jaws offer a secure grip, with a multi-step adjustment and vinyl handles for comfortable use.

Product Overview

Professional Grade Water Pump Pliers

These 12-inch water pump pliers are engineered for durability and reliable performance in demanding environments. Constructed from drop-forged carbon steel with precision-milled jaws, they provide a secure grip on pipes and fasteners. The ergonomic bi-color vinyl dipped handles ensure user comfort and anti-slip control during operation.
