

1200W Angle Grinder for Cutting and Polishing

This 1200W angle grinder is designed for cutting, grinding, and polishing various materials. It features a robust motor, ergonomic design, and safety features for efficient operation.

Overview

High-Performance Angle Grinder

This 1200W angle grinder is engineered for versatility and power, making it an essential tool for cutting, grinding, and polishing a wide range of materials. Designed with professional-grade performance in mind, it features an adjustable speed range to ensure precision across different tasks. Its ergonomic construction promotes comfort during extended use, while robust internal components ensure reliability in demanding work environments.

Technical Specifications

Rated Power

1200 W

Power Input

Operating Speed	3000 - 12000 RPM
Disc Diameter	125 mm

Applications

Primary Applications	Cutting, Grinding, Polishing
