

120mm Computer Case Cooling Fan

This 120mm cooling fan provides superior airflow and high air pressure. Its nano precision bearing ensures a long operational life.

Product Overview

High-Performance Cooling Solution

The Air Force series 120mm cooling fan is engineered for PC enthusiasts and professionals seeking a balance of silent operation and effective heat dissipation. Equipped with advanced nano-bearing technology and pre-installed anti-vibration pads, this fan ensures stable, long-lasting performance for computer cases and CPU coolers. Its aerodynamically optimized blade design promotes efficient airflow while maintaining low noise levels, making it an ideal choice for noise-sensitive environments.

Technical Specifications

Noise Reduction Features

- Pre-installed silicon rubber anti-vibration pads
- Aerodynamically optimized blades

Fan Size	120 mm
Operating Voltage	12 V
Bearing Technology	Nano Precision Bearing

Compliance & Warranty

Certifications	CE, ROHS, FC
Warranty	5 years
