

125cc Cruiser Motorcycle with Backrest

This cruiser motorcycle is equipped with a 125cc engine and chrome exhaust pipes. It features a comfortable rider and passenger seat, complete with a backrest.

Overview

Classic Cruiser Experience

The 125cc Cruiser Motorcycle is designed for riders seeking a blend of traditional style and reliable urban performance. Featuring a low-slung profile, chrome exhaust accents, and a dedicated passenger backrest, this model prioritizes comfort for both the rider and passenger. Its classic aesthetic, highlighted by a round headlight and spoked wheels, makes it an ideal choice for recreational and daily commuting needs.
