

1.25L Electric Drip Coffee Maker with Vacuum Jar

This 1.25L electric drip coffee maker features a swing-out, removable filter basket for easy cleaning. The coffee maker includes a vacuum jar to keep coffee warm and has thermostat and overheat protection for safety.

Overview

The 1.25L coffee maker features a stainless steel vacuum jar for heat retention and integrated overheat protection.

Professional 1.25L Drip Coffee Solution

This 1.25L electric drip coffee maker is designed for high-efficiency brewing, featuring a specialized vacuum jar that maintains coffee temperature for extended periods without additional power. The unit combines safety with convenience, offering integrated overheat protection and a user-friendly swing-out filter basket. Ideal for office or home environments, it delivers consistent results with an anti-drip function and a clear, removable water tank.
