

125mm 12V 6PK AC Compressor Clutch for Audi A4 3.0

This AC compressor clutch is compatible with Audi A4 3.0 vehicles. It has a 125mm diameter and operates on a 12V power supply with a 6PK pulley.

Overview

High-Performance AC Compressor Clutch

This 6SAS14C AC compressor clutch is precision-engineered for Audi A4 3.0 automotive air conditioning systems. Designed with a 125mm pulley diameter and a 6PK configuration, it ensures reliable engagement and efficient cooling performance. This component serves as a direct replacement for specified OEM part numbers, offering a robust solution for vehicle climate control maintenance.

Technical Specifications

Compressor ID	6SAS14C
Pulley Diameter	125 mm
Voltage	12 V
Pulley Grooves	6 PK

Compatibility

OEM Part Numbers

- 447280-7032
- 4472808820
- 8T0260805F

Vehicle Application	Audi A4 3.0
