

125mm Angle Grinder for Cutting and Polishing

This angle grinder is designed for cutting, grinding, and polishing various materials. It features a robust motor for efficient operation and extended durability.

Product Overview

Professional Performance Angle Grinder

This high-performance 125mm angle grinder is engineered for demanding cutting, grinding, and polishing tasks across a variety of materials. Built with a focus on efficiency and durability, it features a robust motor designed to withstand rigorous use in professional environments. The tool incorporates an ergonomic handle to minimize user fatigue during extended operation, while integrated safety mechanisms like a wheel guard and spindle lock ensure secure and convenient maintenance.

Technical Specifications

Wheel Diameter	125 mm
Model Number	S1M-DB14-125

Compliance & Standards

Certifications	CE, EAC
----------------	---------

Key Features

Safety & Usability

- Ergonomic handle design
- Integrated wheel guard
- Spindle lock for quick changes

Applications

Suitable Applications

Cutting • Grinding • Polishing • Professional Use • DIY Projects
