

126-Section Timing Chain for 700cc Hisun ATVs/UTVs

This 126-section timing chain is designed for 700cc Hisun ATVs and UTVs. It ensures precise engine timing and reliable performance.

ADDITIONAL IMAGES

Product Overview

Precision-engineered timing chain designed for optimal valve train reliability.

Precision Engine Timing Component

This high-performance timing chain is engineered specifically for 700cc ATV and UTV engines. Featuring a precise 126-section construction, it ensures reliable valve train operation and optimal engine timing. Designed as a direct replacement part, it helps restore engine efficiency and extends the service life of your vehicle's powertrain.

Technical Specifications

Robust construction ensures smooth power transmission and durability.

Section Count

126

Part Reference

HS1102MU

Compatibility

Engineered for precise timing in 700cc ATV and UTV applications.

Compatible Models

- HS 700
- Forge
- Sector

Engine Displacement

700cc

Compatible Vehicle Types

ATV, UTV, Gokart, Quad
