

1.2kW Portable Gasoline Generator

This is a portable generator with a maximum AC output of 1.2kW. It features a durable, single-cylinder, 4-stroke gasoline engine.

Overview

Reliable Portable Power

This 1.2kW portable gasoline generator is engineered to deliver consistent and dependable power for a variety of professional and recreational applications. Featuring a robust single-cylinder, 4-stroke gasoline engine, it is built for durability and long-lasting performance in demanding environments. Its compact design ensures ease of transport, making it an ideal solution for users needing reliable electricity on the go.
