Overview

Modern white design suitable for household and office environments.

Hygienic & Intelligent Waste Management

This 12L automatic sensor trash can provides a touchless and hygienic waste disposal solution for modern homes and offices. Featuring intelligent sensing technology, the lid opens in just 0.3 seconds and closes silently, effectively containing odors. Designed with durability in mind, it features a fingerprint-proof coating and IPX4 water resistance, making it ideal for high-moisture environments like kitchens and bathrooms.
