

12V 120Ah Lead-Acid Battery

This 12V 120Ah lead-acid battery is designed for various applications including automotive, marine, and industrial use. It features a robust construction and is engineered for long-lasting performance and reliability.

Product Overview

High-Performance Lead-Acid Battery

This 12V 120Ah lead-acid battery is engineered for reliability and consistent power delivery across a variety of demanding applications. Designed with robust construction, it provides stable performance for automotive, marine, and industrial use cases. The unit is optimized for long-lasting service life, making it a dependable choice for professional power requirements.

Technical Specifications

Nominal Voltage	12 V
Nominal Capacity	120 Ah
Model Number	6-QA-120

Application Suitability

Primary Applications	Automotive, Marine, Industrial
