

12V 150Ah Lead-Acid Battery

This is a 12V 150Ah lead-acid battery. It is suitable for energy storage and power backup applications.

Overview

Reliable 12V Lead-Acid Power

This 12V 150Ah lead-acid battery is engineered for consistent energy storage and dependable performance in demanding applications. Designed with robust construction, it offers a reliable solution for various industrial and backup power requirements. Its standardized 12V architecture ensures compatibility with a wide range of existing power systems.

Technical Specifications

Model Number	6-QA-150
Battery Type	Lead-Acid
Key Features	12V System, High Capacity, Lead-Acid Chemistry
