

12V 200Ah VRLA Battery

This is a sealed VRLA battery. It has CE and UL approvals.

Overview

High-Performance Sealed VRLA Battery

The 6GFM200 is a reliable, sealed lead-acid rechargeable battery engineered for consistent performance across various demanding applications. Designed with a 12V voltage and 200Ah capacity, this maintenance-free and spill-proof unit ensures operational safety and longevity. It is an ideal power solution for UPS systems, emergency lighting, and other critical portable power devices.

Electrical Specifications

Max Initial Current

60 A

Max Current

Rated Voltage	12 V
Capacity (10HR)	200 Ah

Charging Parameters

Cycle Use Voltage	14.4V - 15.0V
Standby Use Voltage	13.5V - 13.8V

Compliance & Safety

Safety Features

Sealed • Maintenance-free • Spill-proof • Recyclable

Certifications	CE, UL
----------------	--------

Applications

Suitable Applications

- UPS Systems
- Emergency Lighting
- Portable Power Devices
