

12V 24Ah Sealed Lead-Acid Battery

This sealed VRLA battery is CE and UL approved. It is designed for long life and reliable performance in UPS systems, emergency lighting, and security systems.

Overview

Reliable VRLA Power Solution

The 6FM24 is a high-performance 12V 24Ah sealed lead-acid battery engineered for versatility and reliability. Designed as a maintenance-free VRLA unit, it is ideal for both standby and cyclic operations, ensuring consistent power delivery. This battery is a trusted choice for critical applications including UPS systems, emergency lighting, and various security infrastructures.

Technical Specifications

Nominal Voltage	12 V
Nominal Capacity	24 Ah
Power Rating	400 W
Initial Current Limit	7.2 A

Charging Parameters

Cycle Use Voltage	14.4V - 15.0V
Standby Use Voltage	13.5V - 13.8V

Certifications & Compliance

Certifications	CE, UL
----------------	--------

General Information

Battery Type

Sealed Lead-Acid • VRLA • Maintenance-Free

Applications

Common Applications

- UPS Systems
- Emergency Lighting
- Security Systems
- Portable Power Devices
