

12V 60Ah Automotive Battery

This 12V 60Ah automotive battery is designed for reliable starting power and long-lasting performance. It features a robust construction and is suitable for a wide range of vehicles.

Product Overview

Reliable Starting Power

This 12V 60Ah automotive battery is engineered to deliver consistent, reliable starting power for a wide variety of vehicles. Built with robust construction, it ensures long-lasting performance and durability in demanding conditions. The design includes convenient upper and lower level indicators, allowing for easy monitoring and maintenance of electrolyte levels.

Technical Specifications

Voltage

12 V
