

12V Cordless Lithium-Ion Screwdriver Drill with BMC Case

This 12V cordless screwdriver is designed for various screwdriving applications. It features a lithium-ion battery, variable speed trigger, and adjustable clutch, and it comes with a durable carrying case.

Overview

Compact Power and Precision

This 12V cordless screwdriver is engineered for efficiency and convenience in professional screwdriving applications. Featuring a high-performance lithium-ion battery system, it offers extended run times and a rapid one-hour charge cycle for minimal downtime. The tool includes a robust two-speed gearbox, an integrated LED work light for low-light environments, and a durable belt clip, making it an essential, highly portable solution for high-altitude or tight-space operations.

Performance

Gearbox	Two speed powder metallurgy gearbox
Spindle Lock	Yes

Power & Battery

Rated Voltage

12 V Voltage

Charging Time	1 hour
Safety Features	Short circuit protection, Battery capacity indicator

Features

Key Features

- Built-in LED work light
- Belt clip for high-altitude operation
- Lithium-ion technology
- Quick-change spindle lock

Included Accessories

Case Type

BMC Carrying Case
