

# 13-Gauge Foam Nitrile Coated Work Gloves

These 13-gauge gloves feature a full nitrile coating over a foam nitrile palm, providing excellent grip and abrasion resistance. The foam nitrile palm enhances comfort and reduces hand fatigue during extended use.

## ADDITIONAL IMAGES

## Product Overview

### High-Performance Industrial Hand Protection

These 13-gauge work gloves are engineered for professional environments requiring a balance of dexterity and durability. Featuring a dual-layer design with a smooth nitrile base and a foam nitrile palm, they offer superior grip and abrasion resistance even in oily or greasy conditions. The seamless polyester liner ensures comfort during extended wear, making them an essential choice for manufacturing, construction, and general maintenance tasks.
