

# 13-Piece Socket Wrench Set with 1/2" Drive

This 13-piece socket set features a 1/2" drive and includes a selection of sockets, a ratchet, and an extension bar, all housed in a durable carrying case. It is available in two material options: Beryllium Copper (Be-Cu) and Aluminum Copper (Al-Cu).

## Product Overview

### Professional Grade Socket Set

This 13-piece socket wrench set is engineered for professional industrial applications requiring high-performance tools. Featuring a robust 1/2" drive system, the set includes a comprehensive selection of sockets, a ratchet, and an extension bar designed for versatility and reliability. The set is available in two specialized non-sparking alloy options, ensuring safety and durability in demanding work environments.
