

13mm Hammer Drill for Wood, Metal, and Masonry

This 13mm hammer drill is designed for drilling into wood, metal, and masonry. It features a robust motor that delivers high performance drilling and hammering action.

Overview

Professional 13mm Hammer Drill

This versatile 13mm hammer drill is engineered for high-performance tasks across wood, metal, and masonry surfaces. It features a robust motor designed for consistent hammering action and precise drilling, making it an essential tool for demanding projects. With ergonomic handling and variable speed control, it provides both comfort and accuracy for professional applications.

Technical Specifications

Chuck Capacity	13 mm
Compatible Materials	Wood, Metal, Masonry

Features

Core Functionalities

- Variable speed control
- Depth stop for consistent hole depth
- Robust motor for high-performance
- Durable chuck for secure bit retention

Ergonomics

Design Focus

Ergonomic Design • Reduced Fatigue
