

# 14-Inch Color Television

This is a portable color television with a 14-inch screen. It is designed for personal viewing and can be easily transported.

## Overview

### Compact Visual Solution

This 14-inch color television offers a compact and reliable display solution suitable for various professional environments. Featuring a sleek silver frame and a brushed metal lower section, it combines a modern aesthetic with functional design. Its small form factor makes it an ideal choice for space-constrained settings while maintaining clear color reproduction.
