Product Overview

Professional Cordless Performance

This 14.4V cordless drill and screwdriver is designed for versatility and reliability in various drilling and fastening tasks. Featuring a high-performance lithium-ion battery and a two-speed gearbox, it ensures long run times and precise control. The ergonomic design and included blow-molded case make it a convenient solution for both professional job sites and demanding DIY projects.

Technical Specifications

Voltage	14.4 V
Battery Chemistry	Lithium-ion
Quick Charge Time	1 h
Gearbox	Two-speed powder metallurgy

Key Features

Operational Features

- Built-in LED work light
- Automatic battery ejection function
- Belt clip for high-altitude operation
- Short circuit protection

Battery Status

Capacity Indicator • Short Circuit Protection

Package Contents

Storage Solution	BMC (Blow Molded Case)
