

15 kVA Diesel Generator Set

This diesel generator set delivers reliable power generation. It features a robust diesel engine coupled with an efficient alternator, providing stable and consistent electrical output.

MODEL		KDE15E3D	
Rated frequency	Hz	50	60
Rated output power	kva	15	
Max output power	kva	16.5	
Rated voltage	V	230/400	
Rated current	A	21.7	
Noise level	dbA/7m	55	
Rated rotation speed	rpm	1500	1800
Engine model		4DW81-23D

PRODUCT FEATURES: KDE15E3D

- FAWDE Engine and Stamford Type Brushless Alternator
- Stable and Economical Performance of 1500r/min
- Long-life Durability
- High Conversion Efficiency
- Global After Sales Service

Overview

Reliable Power Generation Solution

This 15 kVA diesel generator set is engineered for consistent and efficient power delivery in demanding environments. Featuring a robust four-cylinder, water-cooled engine and a high-efficiency brushless alternator, it ensures reliable performance for backup power or remote site operations. The unit is designed with a stable 1500 RPM rotation speed to maximize durability and longevity, while the integrated control panel simplifies monitoring and operation.

Technical Specifications

Rated Output Power

15 kVA

Rated Output

16.5 kVA

Max Output

Electrical Characteristics

Parameter	Value
Rated Voltage	230/400 V
Rated Current	21.7 A
Frequency	50/60 Hz

Engine Performance

- 4-Stroke, Inline Four-Cylinder
- Water-cooled
- Rated rotation speed: 1500 RPM
- Engine model: 4DW81-23D

Design & Build

Construction Features	Brushless Alternator, Disc Rigid Connection, Vibration Isolators, Sturdy Base Frame, Overload Protection, Low Oil Shutdown
Noise Level	85 dba/7m

Certifications

Compliance

ISO 14001 • UKAS Certified
