

1.5 Ton Electric Forklift Truck

The 1.5 Ton Electric Forklift Truck is designed for efficient material handling in diverse environments. Its electric motor delivers instant torque and smooth acceleration, ensuring safe operation.

Product Overview

Efficient Material Handling Solution

This 1.5-ton electric forklift is designed for versatile material handling in both indoor and outdoor environments. Featuring a compact chassis and an advanced electric motor, it provides zero-emission operation, instant torque, and exceptional maneuverability in tight spaces. With a robust 3-meter lift height and a high-capacity battery system, it offers a reliable, cost-effective solution for warehouses and manufacturing facilities.

Performance Metrics

Rated Capacity

1.5 Ton

Rated Capacity

450 mm

Load Center

Standard Lift Height

3 m

Technical Specifications

Mast Configuration	Duplex Mast, Wide View
Fork Length	0.9 m
Tire Type	Pneumatic

Power System

Battery Specifications	48V / 450Ah
