

# 150cm IP65 LED Batten Fixture

This 150cm LED batten fixture provides bright and uniform illumination. Its robust construction and long lifespan minimize maintenance, offering a cost-effective lighting solution.

## Product Overview

### Robust Lighting for Demanding Environments

This 150cm LED batten fixture is engineered as a high-performance lighting solution for challenging spaces. With an IP65 rating, it ensures complete protection against dust and water ingress, making it an ideal choice for both indoor and outdoor industrial or commercial applications. The fixture delivers bright, uniform illumination while its durable construction is designed to minimize maintenance needs and offer long-term cost efficiency.
