Product Overview

Professional Grade Digital Measurement

This 150mm digital vernier caliper is constructed from durable stainless steel, designed for precision measurements in demanding industrial environments. It features a high-visibility LCD display that allows for seamless switching between metric and imperial units. The versatile design supports internal, external, depth, and step measurements, making it an essential tool for engineering and machining applications.

Technical Specifications

Unit Systems

Metric (mm) • Imperial (inch)

Material	Stainless Steel
Measurement Modes	Inner Diameter, Outer Diameter, Depth, Step
Display	Super extra high LCD display
Power Source	Battery powered

Logistics & Shipping

Packaging Material	Triple Wall Corrugated Carton
Delivery Speed	14 Days Rapid Delivery

Control Interface

On-Device Controls

- Inch/mm toggle
- OFF/ON switch
- Zero calibration
