Overview

Professional Outdoor Illumination

The 150W-250W LED Street Light is a high-performance solution engineered for reliable outdoor illumination. With its robust and weather-resistant construction, this unit provides efficient and uniform light distribution for enhanced visibility and safety. It is an ideal choice for a variety of environments, including residential streets, commercial properties, and public spaces.

Technical Specifications

Power Range

150 W

Minimum Power

250 W

Maximum Power

Primary Applications

Street Lighting, Area Lighting, Security Lighting, Public Spaces, Residential Areas

Design Features

Key Features

- Robust, durable construction
- Weather-resistant design
- High-efficiency LED technology
- Uniform light distribution
