

150W Vehicle DC to AC Power Inverter

This digital power inverter converts 12V DC vehicle power to 110V AC for powering common electronics on the go. Dual USB ports provide convenient charging for mobile devices.

Overview

Reliable Mobile Power Solution

This 150W vehicle power inverter is designed to convert DC 12V input from a standard vehicle cigarette lighter into a stable AC 110V output. It provides a versatile solution for powering household electronics while on the move, featuring a clean 60Hz frequency. With integrated dual USB ports, it also serves as a convenient charging hub for mobile devices, making it an essential accessory for road travel and professional mobile work.

Technical Specifications

Maximum Output Power	150 W
Input Voltage	DC 12V
Output Voltage	AC 110V
Output Frequency	60 Hz

Connectivity

USB Charging Ports

1 A Standard Port	2.1 A Fast Charge Port
-----------------------------	----------------------------------

Compliance & Safety

Safety Certifications	CE, FCC, RoHS
-----------------------	---------------
