

# 15L Portable Mini Fridge and Freezer

This portable mini fridge and freezer has a 15L capacity for cooling drinks and food. It is suitable for use in the home, office, or while traveling.

## ADDITIONAL IMAGES

## Overview

Compact 15L design suitable for home, office, and travel use.

### Versatile Portable Cooling and Warming

This 15L portable mini fridge offers a flexible solution for both cooling and heating, making it an ideal companion for home, office, dorm, or travel environments. Utilizing advanced semiconductor refrigeration, it efficiently keeps beverages and snacks cold or warms items up to 60°C. With dual-power compatibility for both AC and DC sources, it provides reliable performance wherever you need it.

## Technical Specifications

### Cable Lengths

**2 m**

Car Charger

**1.8 m**

Household

Item Number	MFA-15L-A
Power Compatibility	DC 12V, AC 100V-240V
Power Consumption	48 W
Cooling Capacity	16-20°C below ambient temperature
Heating Capacity	50-60°C
Insulation	High density EPS

## Compliance & Standards

### International Certifications

CB • CE • KC • ETL • LFGB • GS • PSE • RoHS
