

16-inch Children's Bicycle with Training Wheels

This children's bicycle has a 16-inch steel frame and includes training wheels. It is equipped with both a rear coaster brake and a front/rear caliper brake.

Product Overview

Designed for Young Riders

This 16-inch children's bicycle is engineered for safety and ease of use, featuring a sturdy steel frame construction and a user-friendly step-through design. Equipped with both rear coaster and front caliper brakes, it provides reliable stopping power for beginners. The inclusion of training wheels makes it an ideal choice for children learning to ride, offering stability while they build confidence.
