

16-Inch High-Velocity Floor Fan

This 16-inch floor fan provides high-velocity air circulation. It features a durable metal construction with a chrome finish and a three-speed motor.

Overview

High-Velocity Air Circulation

This 16-inch high-velocity floor fan is engineered for powerful and efficient air movement, making it an ideal choice for garages, workshops, and high-traffic environments. Built with durable iron and aluminium components, it features a chrome finish that provides both aesthetic appeal and resistance to wear. The adjustable three-speed motor allows for precise airflow control, while the pivoting head ensures directional cooling where it is needed most.
