

16-Port Fast Ethernet Switch

This 16-Port 10/100M Fast Ethernet Switch is designed for small to medium-sized networks. It provides high-speed data transfer and reliable connectivity for various network devices.

Product Overview

High-Performance Network Connectivity

This 16-Port 10/100M Fast Ethernet Switch is an ideal solution for small to medium-sized network environments requiring reliable data transfer. Engineered for performance and simplicity, it provides seamless connectivity across multiple devices. The integrated status monitoring system ensures that network administrators can quickly verify power and link activity at a glance.

Technical Specifications

Total Ports	16
Network Speed	10/100M Fast Ethernet
