

1600W 110mm Stone Cutter

This 1600W stone cutter is equipped with a 110mm diamond blade. It is designed for precise and efficient cutting of marble, granite, tile, and other stone materials.

Overview

Professional Stone Cutting Performance

Engineered for precision and efficiency, this 1600W stone cutter is designed to handle demanding tasks on marble, granite, and tile. The unit features an adjustable cutting depth and bevel capability, allowing for versatile cutting angles to suit various project requirements. A built-in water cooling system effectively minimizes dust and preserves blade longevity, ensuring consistent performance for professional applications.

Technical Specifications

Rated Power

1600 W
Power Input

Blade Diameter	110 mm
Maximum Speed	14000 r/min
Blade Bore Size	20 mm
Compliance Standards	EN 13236

Features

Key Features

- Adjustable cutting depth
- Bevel cutting capability
- Integrated water cooling system
- Ergonomic handle design

Compatible Materials

Marble • Granite • Tile • Stone
